- Daily connections across Europe
- CO₂ emissions reports

Customer benefits

Efficiency & Sustainability

We optimize routes and manage our fleet to reduce empty kilometers, and we use alternative energies (HVO, electricity) when possible, resulting in a lower environmental impact and a cost-effective solution.

Simplicity

Easy to book, easy to track, easy to get documents, thanks to our solid end-to-end process and digital solutions.

Quality

Our expert & dedicated team, combined with our solid offer will ensure a consistent high quality service level right across Europe.

Flexibility

With a wide range of optional features and services, we can tailor a service package to your unique requirements.

Compliance & Safety

With XPO, you're choosing a partner with a full ADR-compliant network, guaranteeing safety and adherence to regulatory standards.

Real time visibility

Our Connect Customer portal offers you an instant end-to-end visibility of your shipments.

Reliability

Whatever your need/destination, you can rely on our high-frequency service operating on more than 6000 departures per week, offering you the best lead time.

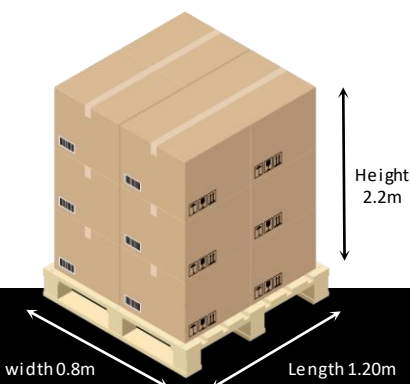

Standard Procedure

Pre-Advice. Shipments must be booked...	1 day before collection, until 3pm
Collection Times	From 9am to 5pm
Delivery Times	From 9am to 5pm
Free Time at loading & unloading	15 minutes maximum at delivery address
ePOD	Available Electronically 2 days after delivery
Standard delivery vehicles	From 7,5 to 40 tons payload
Delivery with tail lift	Shipments are delivered at the doorstep of the consignee
Loading & unloading operations	Managed by the rear doors of the trucks

Pricing

Pricing Methodology	Our prices based on a taxable weight calculated on the greatest of the ratios : gross weight, volumetric (333kg per cubic meter) or truck occupancy (1750kg per loading meter)
Fuel Surcharge	Our prices are exclusive of fuel surcharge. The fuel surcharge is updated monthly, based on the evolution of energy rates.

1 SPE (Standard Pallet Equivalent)

Freight Type

SPE = standard Pallet Equivalent	1 SPE = L 1.20m x w 0.8m x H 2.2m
Maximum quantity per shipment	
# pallets	6 Standard Pallet Equivalent
Weight (kg)	4500
Volume (m ³)	12,5
Maximum size per individual Pallet	
Loading Meters	2,4
Pallet size (L x w x H) (*)	2,4 x 1,2 x 2,2
Weight (kg)	1000

(*) Beyond these dimensions, deliveries are possible through our Connect Europe Part Load Service and on-wheels delivery
