### Our value added

- Pick up and delivery on wheels
- Delivery slots and appointments managed by XPO
- Customer's specific inbound consolidations (transport plan, cross-dock and administrative management by XPO)
- Ability to handle out-of-gauge and oversized products
- Connection with our full range of services: Connect Europe Network and Connect Europe Full Load, as well as Last Mile (BtoC), multimodal, warehouse and Air & Sea solutions
- Cargo insurance expanded on demand
- Management of the export processes (Customs & sanitary/safety checks when needed)
- Sustainable solutions to reduce CO<sup>2</sup> impact (multimodal, alternative energies)

### Key characteristics

- From 7 to Almost-Full-Truck Load
- Daily departures across Europe
- Committed Lead Times
- Tail Lift Delivery Capability
- Hazardous Cargo transportation under ADR regulations (except class 1, 6 and 7)
- Dedicated customer service
- Digital order booking process / EDI
- 24/7/365 online Track & Trace
- Access to all transportation documents (POD, CMR, Invoices, ...)
- Customs clearance management
- CO<sub>2</sub> emissions reporting

### Customer benefits

#### Efficiency & Sustainability

We optimize routes and manage our fleet to reduce empty kilometers, and we use alternative energies (HVO, electricity) when possible, resulting in a lower environmental impact and cost-effectiveness.

#### Simplicity

Easy to book, easy to track, easy to get docs, thanks to our solid end-to-end process and digital solutions.

#### Quality

Our expert & dedicated team, combined to our solid offer and expertise will ensure consistent high quality service level across all Europe.

#### Flexibility

With a wide range of optional features and services, we can tailor a service package to your unique requirements.

#### Compliance & Safety

With XPO, you're choosing a partner with a full ADR-compliant network, guaranteeing safety and adherence to regulatory standards.

#### Real time visibility

Our Connect Customer portal offers you an instant end-to-end visibility of your shipments.

#### Reliability

Whatever your need/destination, you can rely on our high-frequency service operating on more than 6000 departures per week, offering you the best lead time.

Standard Procedure	
Pre-Advice. Shipments must be booked...	1 day before collection, before 1pm
Collection Times	From 8am to 6pm as a standard (according to availability for after hours)
Delivery Times	From 8am to 6pm as a standard (according to availability for after hours)
Free Time at loading & unloading	Included 1 Hour per delivery address
ePOD	Available Electronically 7 days after delivery
