

**Our integrated global network keeps your freight moving between countries and continents, fully compliant and documented.**

XPO can ship your goods anywhere in the world, with no restriction as to size, weight or mode. Our global team will guide your freight through regulatory compliances and customs points, with local oversight at thousands of destinations in Asia, Europe and the United Kingdom. Within North America, we can arrange your shipments using one mode or several—whatever is optimal for you. You'll have real-time visibility of each shipment through our online tracking technology.

One missed delivery can have a ripple effect throughout your global supply chain. We have eyes on the world to make sure nothing slows you down.

**SERVICE CAPABILITIES**

- **Export and import:** We have international experts in place who know the culture, speak the language and can get things done thousands of miles from your desk.
- **Domestic services:** We have domestic market experts covering hundreds of hubs across North America, with immediate access to services based on your criteria for speed, economy or custom solutions.
- **Cross-border:** We have over 30 years' experience with northbound and southbound movements of raw materials, parts and finished goods, with cross-border teams in place to oversee customs clearance.

See reverse side for specific capabilities.

**TECHNOLOGY PORTAL SERVICES**

- Initiate quotes for immediate and future orders
- Book and dispatch shipments, create bills of lading and shipping labels
- Track and trace shipments, and view all pertinent data
- Receive status updates via email or fax, and share with business partners
- View shipping charges and accounts receivable
- Perform efficient EDI transactions
- Customize reports by date, service, project, status and/or customer

**157,000 TEUS** and 58,000 tons of air freight moved for customers annually.

## Global Forwarding solutions and service

### INTERNATIONAL EXPORT AND IMPORT LOGISTICS

#### Air services

- Air charter – requires the use of a dedicated aircraft
- On-board courier – hand-carried shipment
- Direct – next available flight to destination
- Consolidation – weekly scheduled flights to major destinations

#### Ocean services

- Less-than-container (LTC) – load consolidations
- Full container loads (FCL) – all sizes and types
- Lift-on lift-off (LOLO) – shipments unable to fit in a full container due to size or weight
- Roll-on roll-off (RORO) – vehicles and wheeled machinery of all shapes and sizes
- Vessel charter – large volumes, oversized cargo or bulk loads
- Bulk – commodities such as chemicals, raw materials or liquids

#### Customized services

- Project services – oversized or out-of-gauge cargo
- Documentation – letters of credit, sight drafts, certificates of origin, etc.
- Customs clearance – customs filings, ISF filings, bonds, duties and taxes
- Cargo insurance – protection for the value of your assets
- Foreign-to-foreign – coordination of shipments outside North America

### TRADE SHOW LOGISTICS

- Customized solution based on site survey
- Tailored packaging to protect equipment in transit
- Ability to verify assets in transit in real time by serial numbers
- Dedicated account executive
- Flexible shipment re-routing for last-minute changes
- 24/7 pick-up scheduling
- Options for same-day delivery, consolidated and split shipments
- Proof-of-delivery notification

**OTI AND NVOCC** licensed, IATA member and C-TPAT certified

### DOMESTIC TRANSPORTATION SERVICES

#### Time-critical

- Air charter – requires the use of a dedicated aircraft
- Next flight out (NFO) – also known as ASAP service
- Ground expedite – requires an exclusive-use vehicle

#### Time-sensitive

- Next-day – delivery by the next business day, a.m. or p.m.
- 2-day – delivery by the second business day, a.m. or p.m.
- 3-day – delivery by the third business day, a.m. or p.m.

#### Cost-sensitive

- Deferred – delivery within five business days
- Full load – large weight/volume, enough to fill a trailer

### REVERSE LOGISTICS

- Customized solutions
- On-site asset retrieval, asset disposal and remarketing
- Less-than-truckload (LTL) capabilities
- Cross-border truck service, Canada and Mexico
- Intermodal rail and truck service options
- Minority and disadvantaged business teaming program
